

August 4, 2010

To all friends and patients of the Center:

For many, many years I served on the Board of Directors and, in recent years, as the Executive Director of this Center. I have decided to retire this year. It has been a very rewarding experience to be here. I love the services we provide and the staff is quite exceptional. I will miss the Center. The departure date will be after my replacement is in place. In the meantime, I will work closely with staff and the board in finding the next Executive Director. Thanks to the Center, and all of you, for so many wonderful years with the Eugene Hearing & Speech Center.

Laurence
